C-H-Reynolds advised Dussmann on the investment in neogramm GmbH Further Expansion of innovative services at Dussmann Technical Solutions

Frankfurt / Main, August 2023: Dussmann Group, an internationally active services company, acquired a strategic 25 percent stake in neogramm GmbH in August 2023. Through this partnership, the companies aim to jointly develop tailored IIoT system solutions.

Dussmann Group, with revenues of around EUR 2.8 billion and 66,000 employees, is an internationally active family-owned company in the services sector. With a focus on innovation and technology, the company develops, amongst others, tailor-made concepts and solutions for its customers in the areas of facility management, food services and technical plant engineering.

neogramm GmbH, headquartered in Mannheim, is one of the innovative companies in industrial digitalization, acting as a system integrator for industrial production as well as machinery and plant engineering. Core areas of expertise are in IIoT, automation and machine vision.

In March 2023, Dussmann Technical Solutions laid the foundation for the expansion of its automation business with the acquisition of automatic Klein and the establishment of the new business unit 'Dussmann Industrial Automation', which focuses on process-related plant automation. C-H-Reynolds also exclusively advised the buyer on this acquisition.

„Through the investment in neogramm, our technical plant engineering portfolio now also includes software solutions for industrial digitalization,” commented Dr. Tino Weber, Managing Director of Dussmann Technical Solutions.

The C-H-Reynolds team, consisting of Stefan Constantin (Partner) and Markus Kluge (Executive Director), exclusively advised Dussmann Group throughout the M&A process.

Further information on the transaction can be found in the related press release of Dussmann Group:
